

Overdale Eco Code

By Hugo Woolhouse-Lorber

Eco friendly we should be;
Never waste for you and me.
Value plant life everyday;
Improve our wildlife protection in everyway.

Recycle waste: paper, plastic, card Our green bin to fill is not too hard.
New ways to live our lives are cool,
Making changes in our school!
Energy saving we must be,
Not wasting gas, water or electricity.
Travel by foot or bike and we will have a
safe and healthy way to live our lives.
