Key Images

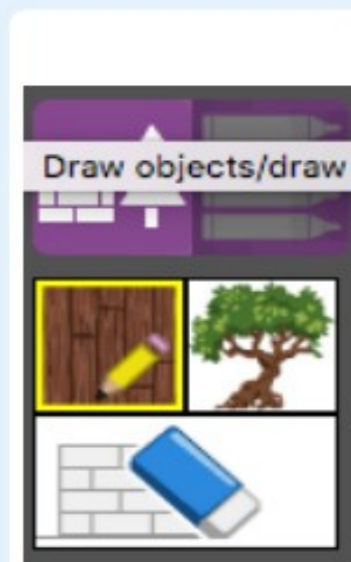

Open, close and share work

Change the settings of your game

Insert treasure into your game

Add images to your game

Insert enemies into your game

Drag to set the start position of your game

Play your game

What makes a good computer game?

A good game designer gives the player continuous challenges in a visually stimulating environment, each of which leads to another challenge, to keep the game challenging and fun.

Why is it important to continually evaluate your game?

Evaluating your game as you make it allows you to think about ways in which it can be improved. Evaluation may also involve the views of other people who play your game.

interactive

How can I make my game interactive and engaging for the user?

playability

Is the game's playability meaning users will just play it once or keep coming back to play again and again?

What makes a good computer game?

A good game designer gives the player continuous challenges in a visually stimulating environment, each of which leads to another challenge, to keep the game challenging and fun.
