

Physical Education and Sports Provision at Overdale Junior School

At Overdale Junior School, we strive to promote healthy and active lifestyles and aim to provide sporting opportunities for all our pupils. We have a long standing tradition for sporting success across a range of sports including football, swimming, athletics, and cross country. This year, we are continuing to provide our pupils with more opportunities than ever before through PE lessons, extra-curricular provision and competitions.

In July 2017, we reapplied for our School Games Mark and we are pleased to say we were awarded Gold for the second year running, which is a great achievement. We have also received significant recognition of our achievements from the Leicester City School Sports Partnership and Leicestershire and Rutland Sport. We aim to use the Sport Premium Funding to further enhance our provision and work hard to retain our Gold School Games Award for the academic year 2017-18.

We are really pleased with the successful use of our Twitter account as a means to regularly communicate with parents and the community with news and information related to sport and PE at Overdale Junior School. This has been very well received and has a growing number of followers made up of parents, local schools and sports providers/companies. Do have a look and follow us at @ojsSport!

All pupils participate in at least an hour's quality PE lesson per week (wherever possible this is considerably more -please see our curriculum plans), along with regular '5 a day' sessions and other activities which enhance their curriculum PE provision. Throughout the year, year 5 children participate in a weekly swimming lesson at Aylestone swimming pool. In addition, a number of lunchtime and after-school enrichment clubs are held throughout the academic year. Clubs change periodically due to demand and suitability; with some clubs open to all and others targeted to different children, ensuring there are multiple opportunities for all. Our uptake of children attending clubs tends to be very high.

Sports Premium Funding

The Government provided funding of £150 million per annum for academic years 2013/14, 2014/15, 2015/16 and 2016/17 to provide new, substantial primary school sport funding. This funding was jointly provided by the Departments for Education, Health and Culture, Media and Sport, and saw money going directly to primary schools to spend on improving the quality of, and participation in, sport and PE for all their children.

The government have increased this funding for Primary PE and school sport into 2017-2018; meaning primary schools are able to put in place longer term plans to further improve provision.

Please find below details on our Sports Premium allocation and find out how this is being used at our school:

School Sports Premium Funding 2017-2018

So far for 2017-2018, the Sport Premium Funding we have received is £16000 plus £10 per pupil based on eligible pupils on roll
